DENVER, CO 80223

MANUFACTURER'S REPRESENTATIVE AND STOCKING DISTRIBUTOR

Rotork Controls – Electric actuators for quarter turn and multi-turn valves featuring IQ non-intrusive intelligent technology and a built-in data logger for troubleshooting.

Rotork Process Controls – CVA and CMA linear and quarter turn *failsafe* electric actuators for on/off and continuously modulating applications.

Rotork Fluid Systems – Pneumatic rack & pinion, scotch-yoke, high pressure gas, electro-hydraulic actuators for linear and rotary applications.

ABB/K-Tek Magnetic liquid level indicators, Magnetostrictive level transmitters, Ultrasonic level transmitters, Thermal dispersion, Guided wave radar, Class 1 Div 1 Laser Tank Level Transmitter.

AMI AMI manufactures a complete line of both Oxygen and H₂S Analyzers. **NEW!** Tunable diode laser absorption spectroscopy (TDLAS) compact moisture analyzer.

CATA-DYNE - Catalytic heaters fueled by natural gas or propane for building heating, freeze prevention, instrument gas pre-heaters, FM approved Class 1 Div. 1.

NORSEMAN - Explosion Proof Electric Heaters, FM Approved Class 1 Div. 1

RUFFNECK - Industrial heavy duty steam and electric explosion proof heaters. FX5 severe duty.

CALORITECH - Immersion heaters and engineered products, circulation heaters, liquid transfer systems, control panel and enclosure heaters.

SUR-FLO Turbine meters with patented paddle style rotors solve typical turbine meter problems of plugging and impeller breakage. **Non-Venting** Control Valves for back pressure, pressure reduction, and flow control.

SICK Ultrasonic gas flow meters for custody transfer, allocation, and process gas measurement. **NEW!** FLOWSIC100 Highly accurate ultrasonic flare gas meter for gas plants, refineries, and compressor stations. FLOWSIC500 Ultrasonic compact gas flow meter for natural gas distribution, Fuel gas, Vapor recovery units, Flare gas applications.

ZEGAZ Instruments' water and hydrocarbon dewpoint analyzers are the most advanced dewpoint measurement systems available. They are based on breakthrough CEIRS™ infrared technology to accurately and unambiguously determine the dewpoint of hydrocarbon gas streams at pressures up to 1500psi. These systems can distinguish between hydrocarbon dewpoints and water condensation.

MUELLER Is an industry leader in natural gas separation, mist elimination, deodorization, noise abatement, air filtration, and exhaust equipment. Revolutionary KLS Helical Coil separators are proven to provide superior solid and liquid contaminant removal without the maintenance costs of old fashioned filter units.

GENIE MEMBRANE FILTERS Used to protect gas chromatographs and other analyzers from liquids. Genie probe regulators with built-in membrane filters. Direct Drive adjustable length membrane tip probes.

AURA Provides very high quality single and dual stage, pressure reducing, back pressure, and vaporizing regulators. All AURA products are American made and come with a lifetime warranty.

CVS Controls Factory new control valves interchangeable with Fisher* ET, ED, EZ, D body, V-Balls, 4150 controllers, 630 regulators and valve trims. Pneumatic and electric chemical pumps.

BLANCETT - Complete line of rugged turbine and PD meters for liquids and gases.

DYNASONICS - Liquid Ultrasonic flow meters, Transit-time and Doppler models.

MANUFACTURER'S REPRESENTATIVE AND STOCKING DISTRIBUTOR

Valve Actuation

ROTORK IQ & IQT Intelligent Electric Actuators
ROTORK Modulating Electric Actuators
Electro-Hydraulic "Failsafe" Actuators

ROTORK Electric "Failsafe" Actuators
ROTORK Pneumatic Actuators
BETTIS Pneumatic Actuators

Complete Valve Automation Services

Liquid Level Instruments

ABB/K-TEK Magnetic Level Indicators
ABB/K-TEK Laser Level/Positioning Transmitters
ABB/K-TEK Ultrasonic Level Transmitters
ABB/K-TEK Magnetostrictive Level Transmitters

ABB/K-TEK Guided Wave Radar
ABB/K-TEK Interface Transmitters
ABB/K-TEK Liquid Level Switches
Reflex/Transparent Level Gauges

Process Instruments

SICK Ultrasonic Flow Meters
AURA Pressure Regulators
BLANCETT Turbine Meters/Monitors
SICK Flare Gas Meters

Pressure / Temp. Gauges
RTD's / Thermocouples
SUR-FLO Turbine Meters
Thermal Mass Flare Meters

Valves

SUR-FLO Control Valves – Non-Venting
CVS ED, ET, EZ, V-Ball Control Valves
M&J Gate Valves
BONNEY FORGE/RP&C Gates, Globes, Checks

Walworth -Gates, Globes, Checks
LACT 3-Way Divert Valves
KF/PBV/WKM/Vintrol Ball Valves
ABZ Butterfly Valves

Natural Gas/Oil

A+ GENIE Probe Regulators
QMax Industries Heating Solutions
ZEGAZ Hydrocarbon Dewpoint Analyzer
AMI Trace Oxygen & H2S Analyzers

SICK Ultrasonic Gas Meters
AGA Meter Tubes, Orifice Plates
Multiphase Flow Meters
AMI Moisture Analyzer (Laser)

Heaters

CALORITECH Immersion Heaters
CCI THERMAL Line Heaters
RUFFNECK Electric & Steam Heaters

CATA-DYNE Catalytic Heaters
NORSEMAN Electric Heaters
POWERBLANKET Custom Heaters

Chemical Pumps

SIDEWINDER Chemical Pumps

CVS Chemical Pumps

IN HOUSE VALVE ACTUATION SERVICE

*COMPLETE VALVE AUTOMATION PACKAGES

*ON-SITE ACTUATION SERVICE
